- Keep your sense of humor with your student.

SENSITIVITY

- Consider your student's new schedule. The first week of school, mid-terms, and final exams are often very busy and can be stressful times during the semester.
- Visit your student, but please do not surprise him or her. Homework, jobs, and social activities tend to fill a student's schedule. Allow your student time to plan ahead. Keep in mind that time management challenges students.

FRIENDSHIPS

- Encourage your student to become involved in activities. Involvement will allow your student to grow academically and socially and help him or her identify with a smaller group on campus.
- Take comfort in knowing that formation of identity, independence, and intimacy are as much a part of college as academics.

- Don't compare your student to his or her siblings, friends, or others who are familiar to you.

DEVELOPMENT

- Don't be surprised if your student expresses an interest in changing majors. Your student will be exposed to a variety of academic areas and career possibilities, especially during the first year. As your student discovers new opportunities, his or her focus may change. Accept your student's choice of major. Remember that God is working in your student's life and preparing your student for the future.
- Talk about money with your student. Mutually understood budgets will help your student with spending and savings expectations. Make it clear if you are expecting your student to work part-time to help meet school costs.
- Don't make assumptions about breaks and where your student will spend them. Your student may wish to return home for breaks and vacations, or he or she may want to spend time with friends.
- Don't be surprised if your student expects greater freedom when he or she is at home. As a college student, your son or daughter will be accustomed to a certain amount of freedom. Your student may expect the same degree of independence when spending time at home. If you respect your student's expanded sense of personal freedom, he or she will feel more positive about spending time at home.

Gift Card/Care Package

Dear friend,

As a former student, I know the joy Moody students receive when loved ones send them gifts and reminders of care. You can send encouragement to your student for special days, hard weeks when studying goes late, or for the days when he or she needs an uplifting word.

We hope you'll partner with Moody's Food Service Department to encourage your student through one of two options:

- Food Service One Card: Give your student a gift card that applies to all MBI Food Service locations. Your student can use his or her card at Joe's Coffee (Moody's student-run café, The Commons (a premier retail cafeteria that offers freshly made grill options, pre-made sandwiches, and various snacks), or the Student Dining Room.
- Gift cards can be purchased in \$5 increments starting at \$10. Students can now load their campus FOBs with their gift card funds for quick and easy access. Cards can be recharged at any time using both locations listed above with cash or credit cards—even over the phone! To order, simply access our online gift card order form at: moody.edu/special/giftcard*
- Food Service Care Package: Choose from an assortment of goodies for a personalized Care Package prepared for your student on the date you select. You'll save time shopping, and mailing and bless your student while contributing to his or her education. To order a Care Package, simply fill out the website order form at: moody.edu/special/carebasket* (See below for all Care Package options.)

*As websites are updated, these links might become unusable. Please visit moody.edu/parents/ and follow Send a Gift to Your Student to insure your request is received.

If you prefer to mail your order, complete the back of this letter and send it with your enclosed form of payment (check, money order, Visa or MasterCard number). Please plan ahead to ensure we are able to deliver on the date you request (online orders take around two days to process, and mailed orders take at least a week to arrive before processing).

All net proceeds go to benefit Moody Bible Institute.

Remember, students cherish the things from home. I know I will never forget what my parents sent me, and I hope that I can help you do the same for your student. It is such a joy to already be serving them through their dining experiences; I look forward to serving them in any additional way I can.

Sincerely,

Rachel Campbell
